Professional Bootcamp: UX/UI Design

DesignBoat UX/UI School
2021

Bachelor of Architecture (B.Arch)

Birla Institute of Technology, Mesra
2013 - 2018

PROFESSIONAL SUMMARY

Senior UX Designer with 5+ years shipping digital products across enterprise SaaS, telecom, cloud, healthcare, and logistics. Skilled at turning ambiguous, high-stakes systems into scalable experiences, including maps, geospatial tools, and real-time tracking dashboards. A systems thinker fluent in Figma and rapid prototyping, with hands-on ownership of design systems and a track record of shaping requirements alongside Product, Engineering, and Operations. Currently leading end-to-end UX for British Telecom's network infrastructure platform at Tech Mahindra.

PROFESSIONAL EXPERIENCE

Senior UX Designer

Apr 2026 - Present

Tech Mahindra · Client: British Telecom (BT), Physical Network Infrastructure (PNI) Project · Bengaluru, India

- Own end-to-end UX for BT's PNI platform, turning complex telecom and spatial network-planning requirements into scalable, map-based design solutions.
- Partner with Product, Engineering, and Business stakeholders across discovery, prototyping, and handoff, and set new documentation standards that improved design-to-engineering consistency and speed.
- Apply AI-assisted research and prototyping to accelerate design delivery within a large enterprise environment.

UX / Product Designer (Independent)

Mar 2025 - Present

UXwithAish · Bengaluru, India

- Design AI-assisted UX workflows and product strategy for small-business clients using Claude, Figma Make, Lovable, Replit, and Antigravity.
- Build automated research and delivery workflows with n8n and Zapier, and high-conversion product flows with Framer and no-code tools.

UX Designer II

Aug 2022 - Feb 2025

Ollion · Bengaluru, India

- Led end-to-end UX for Tata Neu Connect, an enterprise campaign and segment management system, enabling data-driven marketing execution at scale.
- Owned the full UX lifecycle for AWS and GCP cloud-provisioning workflows, simplifying an ambiguous process into a single guided dashboard.
- Designed real-time geospatial tracking dashboards for Assaya, a healthcare platform, including live map views for device and access management.
- Redesigned asset-tracking and supply-chain workflows for Goodpack, a logistics client, adding location-based tracking to improve traceability.
- Built a white-label design system that cut design-to-development turnaround by 40%, and supported enterprise client pitches including UOB Singapore.
- Designed Ollibot, an internal AI chatbot with a conversational experience across voice, text, and file input for mobile and web.

Associate UX/UI Designer

Jun 2021 - Aug 2022

mVerve · Bengaluru, India

- Delivered end-to-end UX for an enterprise CRM platform (Quotes, Projects, Opportunities) and built interactive prototypes for client demos and sales enablement.

Architect

Jan 2018 - Jan 2021

Architecture Firms

- Architect, Archiplus: Managed government and private projects.
- Intern, Studio Padmini Pandey: Worked on hotel and residential designs.
- Freelance Architect: Delivered architectural design and consulting services.

ACHIEVEMENTS & LEADERSHIP

- 2 Spot Awards for excellence in UX delivery and project impact.
- Recognized for usability improvements on the Landing Zone V2 platform.
- DEI (Diversity, Equity & Inclusion) Council member, India, leading engagement and culture-building initiatives.

CERTIFICATIONS

- Visual Design: The Ultimate Guide
- UX Design Foundations, UXcel
- Object-Oriented UX (OOUX) Fundamentals
- Mastering Human-Computer Interaction (HCI)
